Haardt Riesling wins Swedish tender!

In a tender for the Swedish alcohol monopoly Systembolaget (aim of the tender was to find a 2019 Riesling Village dry, estate bottled, from the Mosel, Nahe, Rheingau, Rheinhessen or Pfalz) our "Haardt Riesling" was awarded the contract.

Although submitted as a barrel sample, the terroir wine from the Palatinate, which was shaped by the Haardt sandstone, was able to convince the jury and was the point winner among the large number of samples submitted. The wine is expected to be available in select Systembolaget stores and some other licensed stores nationwide from July 2020.
