## RARITIES TASTING

Saturday, February 1, 2025

---

On Saturday, February 1st, our winery hosted an exclusive rarity tasting. Our guests had the opportunity to taste exceptional wines from past decades in five carefully selected flights.

Mature wines offer a fascinating interplay of aromas that tell stories of sunny days and the dedication of the winemakers. The terroir of the Haardt vineyards in particular, with its weathered sandstone and mineral-rich soils, gives the wines a unique identity.

Accompanied by culinary delights, we experienced an impressive journey through the variety of wines, which ranged from dry to residually sweet. Each wine was a masterpiece that reflected the passion and craftsmanship. The evening became a feast for the palate and a tribute to the beauty of Haardt wines.
